

“Everyone does such an outstanding job with not only mom, but all the residents there.”

Kathy Welsh, daughter of Personal Care resident

“You truly set the standard for what nursing care should look like.”

Katie Junk, granddaughter of Health Care Center resident

“What really impressed us the most is that people around here are very receptive to a friendly greeting. When you say ‘hello’, they smile and say ‘hello’ back.”

Frank and Christine Schuler, Assisted Living residents

Located within 5 minutes of shopping and restaurants.

Since 1963, Wesley Manor has been the leader in providing personalized care in a secure, loving community—at an *affordable* cost. As a non-profit organization, Wesley Manor has a distinct philosophy of care by being mission-driven rather than profit-driven. Our long-tenured, caring staff is what sets Wesley Manor apart.

Originally founded as a Methodist retirement home, Wesley Manor now serves people from many denominations and faith backgrounds.

Move only once

As a Life Plan Community, Wesley Manor gives seniors the advantages of living in one location, even as their health care needs change

over time. Residents receive priority status when they need to move to any other area of our campus. This is especially helpful for couples who may have varying levels of needs, yet wish to live on the same campus.

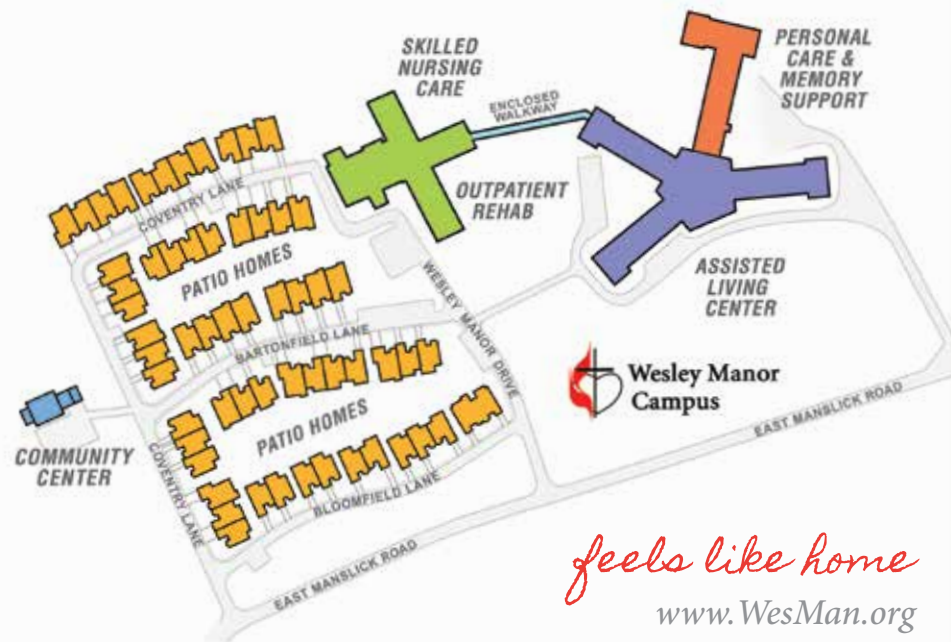

Whether you're in an *Independent Living Patio Home* or in the *Assisted Living, Personal Care/Memory Support* or *Health Care Center*, you'll find a wonderful sense of community felt throughout our 35-acre campus. *Short-term* and *outpatient rehab* is also available.

We're easily located near the Gene Snyder Freeway in Louisville—a country feel with city convenience. Residents and family members often speak of being part of an extended family—the Wesley Manor family. Living here feels like home. Call and schedule your tour today! ♥

Wesley Manor serves its residents and families with a dedicated and professional staff, in a nurturing Christian community.
