Rehabilitation Services

Wesley Manor provides a variety of therapies on campus. Our unique resident-centered approach and skilled therapy staff focus on restoring safety, functional mobility and independence.

Physical, Occupational and Speech Therapies are offered for those needing short term rehab-to-home in our private rooms, or others who require long-term care.

Rehab may be appropriate for those who have had a recent hospital stay and who need intensive care such as intravenous medications, tube feeding to maintain nutrition or nurse monitoring following an illness.

Medicare, Medicaid and most private insurance is accepted.
