Statistics of COVID-19 at Wesley Manor this Week (as of 01-01-21)
(Official Daily Report from the Kentucky Cabinet for Health and Family Services)

Residents					Staff				
# New Positive	# Recovered	# Active Cases	# Resident Deaths	# Ever Positive	# New Positive	# Recovered	# Active Cases	# Staff Deaths	# Ever Positive
0	5	38	1	44	0	4	14	0	18

Kentucky's Friday Statistics

New Covid-19 Cases: 4,750

Kentucky's 7-day testing Positivity Rate: 11.91%

Jefferson County Critical Incidence rate: 55.7 cases/100,000 population.

The last 3 days in Kentucky have produced almost 15,000 new cases.

Staff and Residents COVID-19 Report

We've been working very hard to treat our infected residents and to contain the virus. This is starting to have a positive impact on the number of cases, and I believe we are plateauing. We've had no new cases for a couple of days. Eight residents came off quarantine on Friday, and nineteen more will come off quarantine on Sunday. With many of our staff infected, those who aren't infected have been working very hard, and working long hours. Some have been working, even though they've tested positive. We thank them all for their dedicated service.

Vaccine News

Staff and residents in the Health Care Center, the Hoskinson House, and the Aldersgate will receive the second dose on Monday, January 11, 2021.

Patio Home residents, please watch your news stations for developments as to the dates when your vaccines will be available. Latest news is that they will be available around February 1. They will NOT be given at Wesley Manor. Currently, I don't have information about where they will be given, but drive-thru sites are now being developed.
