

Rehabilitation Expertise

Our expert therapy staff is trained in the latest advances in rehabilitative medicine in order to support the full breadth of care needs. We offer Physical and Occupational Therapy, as well as Speech-Language Pathology services. The staff is trained on the latest care and special clinical needs of the patients we serve.

We're proud of our cutting edge rehabilitative programs and remain dedicated to creating the kind of welcoming community that inspires overall health and well-being.

Wesley Manor Rehab Services include...

- Physician services on-site daily
- Private rooms
- Satellite TV service
- Free Wi-Fi
- Licensed social services, dietary, activities, and pastoral care staff

BEFORE you go to the hospital for surgery, contact our Admissions office at (502) 969-3277 to pre-register for your rehab-to-home stay.

We'll coordinate with the hospital and your family. Medicare and most private insurances accepted.

WESLEY MANOR *Rehabilitation Services*

Focused on each individual, we offer a variety of inpatient and outpatient rehab care options for a better well-being.

feels like home

{ re ha • bil i • ta tion }

n. the act of restoring something or someone to a satisfactory state; the removal or reduction of disabilities.

Outpatient & Inpatient Services

Whether you need short-term, inpatient rehab after a hospital stay, or outpatient rehab services, we can help! These services

are available to anyone in the community, as well as Wesley Manor residents. Therapy is provided in our modern rehab therapy suite, located in our Health Care Center. We can also provide outpatient therapy for Wesley Manor residents at all areas of campus — the therapists come to you!

Physical Therapy

Physical therapy helps restore and maintain maximum movement and functional ability. Therapy treatments can help improve:

- Mobility
- Balance
- Strengthening exercise
- Range of motion
- Fall prevention

Occupational Therapy

Occupational therapy is focused on improving and maintaining quality of life. Therapy treatments can provide training and guidance on:

- Adapting to life changes
- Performing tasks or movements
- Dressing techniques, grooming, bathing, and home management
- Orthotic/prosthetic training
- Wheelchair positioning

Our rehab therapists are trained to address the strengths and weaknesses of each person in an encouraging approach.

We invite you to tour our community (502) 969-3277

Speech Therapy

Speech therapy strives to restore and maintain all aspects of communication, including:

- Hearing and listening
- Reading and writing
- Language interpretation

Therapy treatments may also assist with:

- Chewing and swallowing
- Medication management

Wesley Manor Retirement Community has an innovative approach to the design and delivery of health care services for a new generation.
